ORDER MADE FOR ED CUDAHY'S ARREST

Half a Thousand Head of Cattle Replevied -All on Account of Mother-in-Law-South Omaha's Shooting Case-Police Court Appeals.

Yesterday morning the second three weeks of the May term of the district court begun, and the second batch of jurors came on duty. Of the 156 who had been summoned barely ninety reported for duty, and of that ninety over sixty wanted to be excused. Judge Keysor ordered attachments issued for the sixty who had failed to respond, and wanted them returned Wednesday morning at the opening of court. He said that when all of the jurors drawn reported at that time it

might be possible to excuse some of those whose requests he would be compelled to deny for the present.

Rev. F. M. Foster and Dr. W. F. Milroy were relieved. J. H. Dumont, president of the Nebraska Central, asked to be excused on business grounds, but the court thought he would make an excellent juror and told him that he would have to stay, although it was promised that his case should have adnitional consideration on Wednesday morn-

Mr. Cudaby in Jeopardy.

E. A. Cudahy failed to put in an appear ance, having gone out on a trip with John A. McShane after being served with the subpoena. He will be hauled up immediately on his return and told a thing or two about implicit obedience to the mandates of the Acting Cashier Rhodes, of the National

Bank of Commerce, was excused for d week. George Mercer said he could week. George Mercer said he count not afford to serve on a jury even at \$10 a day. The court told him that the state was paying but \$2 a day, still it couldn't get ome of the jurors made additional pleas

after their requests were refused, but Judge K. stated that the panel as represented was at least twenty men short, and that business could not be jeopardized by the excusing of any more jurors. Replevined Mortgaged Property.

The Bank of Overton has replevined 554 head of cattle in the hands of the Union Stock Yards company. It alleges that it holds a mortgage on the cattle for \$22,000, and it also presents a claim for \$5,000 damages against the Stock yards company be-cause the latter has kept the property out of its possession for the space of two days. In case it is impossible to get the cattle back, it wants judgment against the defendant in the sum of \$27,000,

Says It's a Case of Self Defense.

James L. Johnson has fited his answer to the petition of his wife, Jennie, asking for a divorce. He denies that he has ever been abusive or cruel, and states that the only times that any demonstration occurred was when he was compelled to throw her down to prevent her killing him with certain articles of household utility which she was disposed to use in a manner other than that for which they were intended.

He maintains further that his mother-in-

law is responsible for all the trouble; that his wife is willing to patch up existing differ-ences, and that they propose to go away and leave the mother-in-law and her offensive partisanship far behind.

South Omaha's Shooting Case. Robert Parks, who is charged with shoot

ing with intent to kill and murder, was admitted to bail in the sum of \$800.

It is stated that the defendant was in fear of his life when surrounded by a hard crowd.

and that he pulled a gun from his pocket.

Arow followed in which the weapon was discharged and a bystander named John Jackman was severely wounded. The defendant is engaged in the plumbing business in South Omaha. Taking Up Police Court Cases.

This week in the criminal division will be given up to cases appealed from the police court, and the prosecution will be looked after by the city prosecutor, There are be-tween fifty and sixty of these cases, dating back to January 1, 1891. Under the new law, which went into effect April 8, the former cases would not have to be now tried, but all will be taken up as they were appealed under the present city administration and had not been reached by Assistant City Attorney Cornish, to whose attention they would have come but for the change requiring the city prosecutor to follow the cases to the higher

Court Cullings.

The first to be tried will be that of the State against Dingman, charged with dis-

turbing the peace.

William Deering & Co. are still after the property of the National Cordage company, and have secured an attachment for a lot of the property of the latter concern in Lancas-ter county to satisfy a claim aggregating

George Miller, who pleaded guilty to the larceny of a valise containing \$23,000 in se-curities from a room in the Delione hotel, was sentenced to eighteen months in the penitentiary.

C. F. Coon, who pleaded guilty to forging a check for \$20 on the E. M. Hulse Mattress

a check for \$20 on the E. M. Hulse Mattress company, was sentenced to the penitentiary for the term of fifteen months. The prisoner pleaded that it was his first offense and ascribed his crime to whisky.

Appeal case of Dan Sherry, fined in police court for discharging firearms and threatening to fight, was called, and the defendant falling to put in an appearance his bond was declared forfeited. Like action was taken in the case against James L. Lewis, fined in the lower court in connection with the circulation in this city of an obscene sheet published in a town down the river. Lewis was arrested in Sloux City for libel, and when last heard of by the court officers here he had something like sixty affidavits on file in Woodbury county in support of a petition for a change of venue to some other county where he could have an impartial trial. Judge Brandes was on the absentee's bond in the sum of \$100.

#### NO LAW FOR IT.

City Treasurer Bolla Says the Board of Education Acted Hastily. City Treasurer Bolin says he knows of no law authorizing him to put the money of

the school board out at interest. At the meeting of the Board of Education Saturday night the secretary was instructed to ascertain whether the treasurer had placed the moneys of the board out at inter-

placed the moneys of the board out at interest, and if so whether the interest derived had been turned into the treasury as required by law.

Mr. Holla has not heard of any changes in the school law, and says he has no authority to place the funds of the board out at interest. If the board desired this done it would be necessary to advertise for bids, and to secure a bond from the bank submitting the best proposition to protect the board from loss.

Department of Applied Christianity Founded

Campus Gossip. GRINNELL, Ia., May 22 .- [Special to THE Bee.]-At a special meeting of the board of trustees held May 9 a new department, which seems to be of large significance for the future of the college was founded.

Mrs. E. D. Rand of Burlington has for a long time desired to found and endow a department of Applied Christianity, in honor of the memory of her husband, E. D. Rand, esq., of Burlington, who died six years ago. Since Rev. Dr. George D. Herron was called as assistant pastor to the Con-gregational church in Burlington, about two years ago, Mrs. Rand has become very much interested in him and his work. Dr. Herron is a man of altogether exceptional power as a writer, speaker and teacher. His sermons and occasional discourses have been published in nearly all the Burlington papers, much of the time in full. He is the author of three books, "The Larger Christ," "The Call of the Cross," and "A Plea for the Gos-pel." President Gates wrote an introduc-tion to "The Call of the Cross." The coming of such a man to the college promises a large increase of the best kind of intense Christian thinking for the student body. This is the fourth opportunity Dr. Herron has had to go into college work, and we count ourselves fortunate indeed in thus being able to look to his permanent attachment to Iowa col-

lege.

The base ball team returned May 13 from a trip through Illinois, Wisconsin and Iowa, having played at Peoria, Champaign, Madison, Decorah and Iowa City. Our victory of 9 to 2—almost a shut-out—over the Iowa State university is the first of base ball in the history of the two institutions.

State university is the first of base ball in the history of the two institutions.

On May 13 was held the eighth annual field day of Iowa college, which was the most successful in many respects of any ever held. The day and track proved favorable for record breaking, as ten home and four state records were broken. The state two-mile bicycle record was lowered by Culver, the present state champion, over a minute and a half. The class of '95 won the elegant silver cup offered to the class a minute and a haif. The class of '95 won the elegant silver cup offered to the class winning the most points, scoring 61 out of a possible 148. Elegant gold and silver medals were given the winners in each event. The preliminary list of commencement speakers has been announced. Seven girls and four boys are the favored ones, From these nine speakers will be chosen.

Iowa college on Friday defeated Drake.

Iowa college on Friday defeated Drake university in base ball, 17 to 14, and on Saturday defeated Ames, 16 to 4, which practically gives Iowa college the state championship and the trophy, a silver bat. On next Wednesday Ann Arbor plays here, and a week from that dap the Madison team will be here.

College closes on Wednesday, June 14. Before that time great efforts will be made to raise the balance of the \$40,000 for the new Young Men's Christian association

hew Young Men's Christian association building.

May 27 two of the literary societies will present Sheridan's "The Rivals" at the opera house, and on May 31 a play in the original French will be given by members of the first, second and third year French classes. It will be held in the institute literary society hall. erary society hall.

WAYWARD GIRLS LOCATED.

Buck" Keith Had Induced Them to Leave Omaha-Minor Police Pointers, Ida Corbee and Emma Rogers, the two young girls who ran away from their homes in Omaha about two weeks ago, have been

ocated at Deadwood, S. D., where they have been since last Wednesday.

They claim that "Buck" Keith, an Omaha hackman, induced them to run away by promising to secure good positions for them in a Deadwood family, but that he took them instead to a house of prostitution at Hot Springs. They only remained there two days, however, going thence to Rapid City, where they stayed a few days, and then walked, via Black Hawk, to Dead wood, where they have been wandering about the streets since their arrival. They were arrested on Sunday by the authorities of Deadwood, who, learning that they were under eighteen years of age, endeavored to get them to go to a reformatory institution or to return home, both of which proposi-

ions they rejected. Detective Vaughn is in correspondence with the officers who have them in charge, lowever, and will probably secure their return to their parents.

Held to the District Court,

Will Hawkins, the colored man arrested for assaulting "General" Field, keeper of a nouse of ill-fame, who, he says, induced n is sister to leave home and enter upon an immoral life, was held to the district court in bonds of \$200 yesterday.

J. Shoplufsky was held to the district court

in the sum of \$800 to answer to the charge of having committed an assault with intent to do great bodily injury. The offense was com-mitted in a drunken row among Polish work-men at Sheely station Sunday night.

GIBSONITES STILL KICKING.

Renewed Protests Against the Stock Yards System of Dumping Garbage,

The Gibson dump continues to cause some agitation, and occupies the attention of the Board of Health. Councilman McLearie of the board was down to Gibson Saturday and he believes that a stop should be put to the Union Stock Yards coumpany unloading refuse and manure along the river bank there. At the time of his visit more than one-half of the dump was on fire, and the odor aris-

ing was very offensive.

Manager Babcock of the company has said to the board that if the unloading there is considered a nuisance the company will abandon the practice. He believes that the complaints made. don the practice. He believes that the complaints made are actuated by malice. Dr.
Somers and Chief Inspector Sherrar have
yisited the dump and are of the opinion that
it is not such an intolerable nuisance as pictured. However, they believe that the company might put in a switch farther down
the river and do the unloading there.

A conference is to be held this morning between Councilmen McLearie and howell and Manager Babcock, and some plan

ell and Manager Babcock, and some plan may be agreed upon that will prove satisfactory to all parties.

OFFICERS OF THE WOMAN'S CLUB

Interesting Moneting that Mingled Business, Music and Pineappie Sherbet. The Omahar Woman's club met in adjourned session in Mr. Lininger's gallery at 3 o'clock yesterday afternoon, the extremely bad weather laterfering with the meeting seriously, only about fifty ladies being able

to attend. After the minutes of the previous meeting were read and approved, the annual election of officers was made, resulting in the choice of Mrs. F. F. Ford for president, Mrs. S. R. Towne as first vice president, Mrs. A. S. Stiger as second vice president, Mrs. Charles S. Harris as recording secretary, Miss Harriet Hickox as corresponding secretary and Mrs. F. M. Richardson as treasurer. The vote was a close one on several of the offices, notably that of treasurer.

Mrs. Towne, who has filled the office of Mrs. Towne, who has filled the office of temporary chairman in so acceptable a manner, was presented with a beautiful bunch of La France roses.

Mrs. Ford, in response to a call made a brief speech thanking the ladies for the henor conferred upon her. The club them adjourned, and the committee on house and home took charge of the meeting.

home took charge of the meeting.
A musical program was rendered in a very pleasing manner, Schubert's "Roudeau" was rendered as a plano duet by Mesdames Hess-Fuchs and Whitmore; "Where Did You Come From, Baby Dear," was sung by Mrs. Henry Estabrook, followed by "Hungary" as a duet by the same ladies as appeared in the first number. Mrs. Cotton then sang "Heart's Delight" and, in response to an enthusiastic encore, "Love May Come Tomorrow." Mesdames Hess-Fuchs and Whitmore closed the program with the rendition of "Spain" in a very spirited style. Refreshments were served in great abundance and in the daintiest manner imaginable. The lady fingers, pineapple sherbet, and the tea and confections were simply above reproach, and an hour of friendly intercourse was spent with that lingering en-joyment of which only women are capable, after which adjournment was had until the first Monday in October.

#### SELLING CITY BONDS.

By the New Method Money Will Be Saved to Taxpayers.

The \$100,000 in sewer bonds voted at the last general election, and recently issued by the council, will probably not be offered for sale before the latter part of June. There still remains in the fund about \$39,000, which will be sufficient to meet all demands until that time. The reason for the delay is that the bonds had better remain the property of the city, and interest be saved, than to sell them and deposit the proceeds and secure but 2 per cent interest from the bank while the city is paying out 41% or 5 per cent.

Another ordinance has been introduced in the council providing for the issuing of a like amount of paying bonds voted at the same time as the sewer bonds. The former ordinance was passed over the veto of Mayor Bemis. The mayor vetoed the ordinance under a misapprehension, believing that the bonds should not be sold until it was known how much of the paving mapped out would be done, and for the reason that the money market was very uncertain. The fact was developed that not an inch of paving could be done until the bonds were ordered issued,

With the understanding that they will be disposed of only in such amounts as required the new ordinance was introduced, and it was stated in the council that the mayor would sign the new ordinance in order that the record might be made perfectly clear. Not Enthusiastic for Health. The convention of health officials, called to meet in Salt Lake City today, has been indefinitely postponed, owing to the failure of the officials of the different cities to respond to the invitation to send delegates. Dr. Somers and Councilman Mc-Learie, delegated by the Board of Health of this city to attend, were not ap-prised of the postponement until the last moment. Dr. Somers, accompanied by Mrs. Somers and daughter, departed Satur day for Salt Lake, and will enjoy a pleasure trip. Councilman McLearie concluded to

action of AYER'S Sarsaparilla, when taken for diseases originating in impure blood; but, while this assertion is true of AYER'S Sarsaparilla, as thousands can attest, it cannot be truthfully applied to other preparations, which untrincipled dealers will recommend, and try to impose upon you, as "just as good as Ayer's." Take Ayer's Sarsaparilla and Ayer's only, if you need a blood-purifier and would be benefited permanently. This medicine, for nearly fifty years, has enjoyed a reputation, and made a record for cures, that has never been equaled by other preparations. AYER'S Sarsaparilla eradicates the taint of hereditary scrofula and other blood diseases from the system, and it has, deservedly, the confidence of the people.

"I cannot forbear to express my joy at the relief I have obtained from the use of AYER'S Sarsaparilla. I was afflicted with kidney troubles for about six months, suffering greatly with pains in the small of my back. In addition to this, my body was covered with pimply eruptions. The remedies prescribed failed to help me. I then began to take AYER'S Sarsaparilla, and, in a short time, the pains ceased and the pimples disappeared. I advise every young man or woman, in case of sickness resulting from impure blood, no matter how long standing the case may be, to take AYER'S Sarsaparilla."-H. L. # Underwear

Would be a queer name to give to summer shirts and drawers, we know, but it is suggested to us at this moment by the recollection of the old saying about being "as cool as a cucumber." And isn't that just the way that you want to feel during the approaching hot weather, of which the increasing temperature of the past week has been a "gentle reminder?" Of course it is. And here we remind you of what a large portion of the most thoughtful people are carrying off from our counters every day in the shape of Balbriggan undershirts and drawers at the following prices:

both for quality and price, are some kindred lines of goods which will be appreciated by persons who are looking for hot-weather comfort, which we quote briefly as follows:
